Warranty

To the original owner, Bryant Legacy heat pumps are covered by a 10-year parts limited warranty upon timely registration of your new equipment.* Ask your Bryant dealer about optional extended warranties, which may include labor.

*The limited warranty period is 5 years on parts if not registered within 90 days. Jurisdictions where warranty benefits are not conditioned on registration will automatically receive a 10-year parts limited warranty and a lifetime parts limited warranty on the heat exchangers. See warranty certificate at bryant.com for complete details and restrictions.

SEER

SEER (Seasonal Energy Efficiency Ratio) is the measure of the energy efficiency of the heat pump system.

1 ENVIRONMENTALLY SOUND

Our scroll compressor is designed for use with Puron® refrigerant to provide quiet comfort and years of environmentally sound, energy-efficient operation.

2 RELIABLE PERFORMANCE

Bryant's Microtube™ technology refrigeration system maximizes heat transfer needed for efficient heat pump operation in both heating and cooling. Coil materials and design minimize chances for rust and corrosion for lasting performance.

3 QUIET OPERATION

Smooth-running scroll compressor features naturally quiet operation and includes built-in protective features so you can enjoy your comfort for years.

4 BUILT TO LAST

Bryant's DuraGuard™ protection package ensures lasting durability and good looks through years of exposure to weather, sports and lawn equipment and more. Three key elements to this package include: galvanized steel cabinet, baked-on powder paint and wire coil guard

HYBRID HEAT® DUAL FUEL SYSTEM

Combine a Legacy™ Line heat pump with a recommended Bryant® gas furnace to create a HYBRID HEAT® Dual Fuel System. A Bryant HYBRID HEAT system automatically chooses the most efficient fuel source for heating to provide the ultimate defense against unpredictable fuel costs.

CONTROLS

Bryant offers a range of solutions for managing your system. Whether you're looking for Wi-Fi® thermostats with energy reporting for the ultimate in connected control, advanced communicating controls, zoning management or more basic thermostats—you'll have the system control you want.

Housewise™ Wi-Fi® Thermostat

The Housewise thermostat is your gateway to comfort management. It can save homeowners an average of 20% on their heating and cooling energy costs.* With Wi-Fi® capability, you can access your system 24/7 from almost anywhere and view detailed energy reporting from your tablet or web portal. Combine that with custom energy tips and you can make informed decisions about when and how to save even more money.

Bryant® Wi-Fi® Thermostat

This thermostat is about more than simply giving you remote access. It's about helping you save money on energy through advances in programming design, smart recovery and energy use reporting. You can see when you're spending the most on energy and tailor your settings to save. And, when you're not home, this thermostat will work to heat or cool the most efficient way possible for your system type and brand.

*Based on a 2012 third party study comparing Bryant Housewise™ technology to the estimated cost of a non-programmable thermostat set to 72° F at all times. Wi-Fi® is a registered trademark of Wi-Fi Alliance Corporation.
